

75th – Bible Seeds Podcast

(Published 01-29-2023)

- **Intro Music -**

Hi, my name is Carl Vasta and I would like to welcome you to the Bible Seeds section here, at Understanding God's Word. This is where I get to comment on biblical readings and stories that brings the bible into what's happening to us in our daily lives.

I'll touch on such topics as Family Prayer or Why I Believe There Is A God. I'll talk about what was predicted that makes these the Terrible Times In The Last Days or how to Have A Daily Meaningful Relationship With God.

Today's topic is: **AI - A Poor Replacement For God**

Near the end of 2022, an upgrade in artificial intelligence computers made it's debut under the name of **GPT Chat**. It is an amazing advancement that seems like it could be used as a very helpful assistant to people who are programming code and many people who need help writing blogs, scripts, even resumes and job descriptions and reports, even in foreign languages. It answers many questions and has gone through several upgrades in a very short time. The scripts, blogs and reports sound like real people wrote them. The computer scientist claim future upgrades will make people trust them and they are and will be smarter than any human being.

It will **create** solutions for many people and after all the upgrades are finished, it may be considered an **agnostic** replacement for

God! An **agnostic** is a person who is not sure whether god exists or not; and neither believes nor disbelieves in religious doctrine.

They are completely open to accepting deception! And Jesus told his apostles in **Matthew, Chapter 24: verse 4-5** **“See to it that no one misleads you. For many will come in My name saying, ‘I am the Christ’ [I am God] and will mislead many.”**

The computer scientists are busy making mankind 2.0 and trying enable people to connect to computers like this.

But this is a poor candidate for the replacement of God, **our Creator. And the key word here is Creator!**

- The Universe - **was created by God.**
- The Stars - **were created by God.**
- The Planets - **were created by God.**
- The Angels - **were created by God.**
- The Earth - **was created by God.**
- The mountains, seas, lakes, forests, flowers, birds, fish, and animals and all rest of the life on the Earth **was created by God.**
- The devil; the angel who became *Satan* - **was created by God . . . for a purpose.**
- A third of the angels became demons **by pledging their allegiance, to the angel Lucifer, who became Satan.**
- A man, a woman who had the power to pro-create their children **was created by God.**
- The Ten Commandments were **given to His creation by God!**

In the **first Chapter of the book of John, who wrote the last of the four gospels, it starts with . . .** ***“In the beginning was the Word and the Word was with God, and the Word was God. He was in the beginning with God.”*** And it goes on to tell us that ***through God, the Father, His Word was made flesh by the power of His Holy Spirit and was given the name Jesus, His Son!***

And at the **book of John at Chapter 3: verses 16-18, it says,** ***“For God so loved the world, that He gave His only begotten Son, that whoever believes in Him should not perish, but have eternal life.***

For God did not send the Son into the world to judge the world, but that the world should be saved through Him.

He who believes in Him is not judged; he who does not believe has been judged already, because he has not believed in the name of the only begotten Son of God.”

The father and founder of Artificial Intelligence was a man by the name of John McCarthy and was a pioneer in his field. He was born in Boston in 1927. The family moved to Los Angeles and he graduated and secured an undergraduate place at the California Institute of Technology [MIT] in 1948.

As a professor and an inventor, he dominated the field of AI for over five decades. He followed his quest to build machines that could ***mimic human logical thinking***. In 2011, at the age of 84, he died.

There are also many people who have added to the advancement of AI. But now there are governments or people in power who would use it to probe the human minds of their citizens in an effort to control their thoughts and actions.

We live in an age where people can now be arrested for praying silently. Did you know that! It's already happened in the UK and it also happens in other parts of the world, including the U.S.

(From December 2022, stories from Fox News in the UK) 'A woman was arrested for praying outside, across the street from an abortion clinic in the UK. Police walked up to the woman and asked her "what were you thinking?" She said "I was praying silently" They told her they would have to arrest her because she was in a "safe zone."'

'Also in another incident a man was praying silently for his "deceased son" across the street from an abortion clinic. They arrested and fined him for praying in a "safe zone!"'

In scripture, Jesus told us that our prayers and thoughts should be between God and us. **In the book of Matthew, Chapter 6: verses 3&4, and verse 6** Jesus tells us, **"But when you give, do not let your left hand know what your right hand is doing that your giving may be in secret and your Father who sees what is done in secret will repay you."**

"When you pray, go into your inner room, and when you have shut your door, pray to your father who is unseen, and your Father, who sees in secret will repay you."

This is our protection to the privilege of having a Holy relationship with our God. We can pray anywhere and we are in the inner room of our mind and the door is shut to all intruders.

Even Satan does not know what our prayers to God are. And if the authorities come to us and ask, ***“What were you thinking?”***, or ***“Are you praying?”***, tell them, ***“It’s none of your business!”***

As far as comparing an AI computer to our God, ***it may say it can create solutions***, but it’s very limited because it was created by humans.

Does it’s words have any power to heal? Can it bring a person back to life? Just by speaking, can it cause a blind person to see or a deaf person to hear? A lame person to walk?

What did it create? A Universe? With stars, planets, moons, places like the Earth inhabited by people? Or is the closest it can come to creation, something called a ***Meta Verse?***

If we gave it two fish and five loaves of bread could it print out enough food at a dinner time that could feed 5000 men, not counting their wives and children and ***they can all eat free!***

Would you put your faith in this AI computer ***if it told you to trust it and believe it . . . and you would never die?***

Or in the end, is this another ***IDOL*** created by rich humans to make life easier and more productive and control certain populations who would gladly give up their freedom for safety?

And to do the will of those who have assumed power?

I pray that, the Real God; The Father, Son and Holy Spirit, would forbid this, In Jesus’ name - Amen

Back Ground Music Starts and

I would like you to know how much GOD loves you. He is ready and waiting to help you. You just need to believe that He exists and has created all things and has given **His Son Jesus, the good shepherd** to bring you back to him.

This is why I put together these pod casts, starting with **The Storyline Of The Bible**, 19 easy understandable pod casts that take you from Genesis, the first book of the bible- to Revelation, the last book of the bible.

And beyond that, there are **The Stories And Quotes From Jesus**, which will help you to strengthen your faith in God. And now I have just added these **Bible Seeds**: my commentary on some of these readings.

You can find all of this and print out the **PDFs** for **Storyline Of The Bible** and **Quotes and Stories from Jesus**. You can download the MP3s, Videos, and my original music from my website: www.carlvasta.com Everything is free and there are no sign ups. Enjoy!

Ending The Program

This is your host Carl Vasta and I thank you for tuning in to Bible Seeds at Understanding God's Word.

New podcasts are released on Sundays at 12:30PM Pacific Coast Time. **God bless you and your loved ones and remember. . .**
